## 1. GENERAL INFORMATION ABOUT THE PROGRAMME

### 1.1. Major objective of the Programme

The objective of the Programme is to increase the level of internationalisation of Polish higher education and to create opportunities to establish or strengthen existing academic cooperation among Polish and foreign institutions of the higher education and science system. The offer for incoming students and scientists as part of the Programme will allow to increase the number of foreign students and academic staff in Polish universities and will positively affect the increase in the level of education and specialist competence in developing countries with which Poland has signed appropriate agreements. Thanks to the exchange of students and scientists under international agreements, relationships between partner countries will be developed, mutual understanding, trust and respect will be strengthened. The Programme will allow to strengthen the positive image of Poland as a country with attractive and competitive educational and scientific opportunities. Moreover, it will contribute to popularising the knowledge of Polish language and Polish culture in partner countries.

The offer for incoming students and scientists as part of the Programme is the implementation of international agreements, interdepartmental programmes and bilateral cooperation and includes the exchange of students and scientists based on these agreements. The action is implemented pursuant to Article 2(3)(1) of the Act of 7 July 2017 on the Polish National Agency for Academic Exchange.

The visits under the Programme may last from 3 days to 12 months in a given academic year – depending on the provisions of the agreement on a basis of which cooperation is executed. If the international agreement provides for paying a scholarship by the host party, the Programme provides financing of this scholarship to cover the maintenance costs of the Beneficiary at the Polish academic centre. If the international agreement provides for paying a scholarship by the sending party, the scholarship is paid by the sending party, in a manner and amount provided for by the legislation of the sending country.

The offer as part of the programme applies to visits which will take place in the 2019/2020 academic year<sup>1</sup>.

Applicants in the Programme may be individuals meeting the requirements referred to in point 2.1. of the Regulations, whereby it is necessary for the **Applicant to be officially nominated by a foreign partner institution** as part of the valid international agreement or bilateral cooperation. **Partner institutions accept applications within time-limits they indicate.**

In the case of internships, part-time studies or study visits, holding an invitation from the host centre or confirmation of existing cooperation is a prerequisite to obtain a scholarship.

- 1) participation in scientific internship;

- 4) study visit;
- 5) obtaining materials for scientific work;
- 6) conducting teaching activities at a host centre;
- 7) other form or forms of scientific or academic activity related to the implementation of studies, doctoral thesis or academic work.

In the application, the Applicant points to one or more of the above-mentioned activities which he/she is going to implement at the Polish host centre, indicating their objectives, importance to his/her studies or to development of his/her scientific career and justifying the choice of the host

#### 3.2 Formal evaluation

The objective of the formal evaluation is to verify the application for the compliance with the formal criteria indicated in these Regulations. During the formal evaluation, the completeness of the application is analysed. The application shall be considered complete when all the fields are completed in accordance with these Regulations and all required attachments are attached. The attachments must meet the requirements of point 2.3 of these Regulations.

If the incomplete application is submitted, the Applicant is called on, through the foreign partner institution which nominates him/her, to complete these deficiencies within 14 days from the date of receipt of this call, with an instruction that a failure to do so will leave the application without consideration.

In the case of any doubt as to the status of the Applicant, NAWA may request the Applicant, through the foreign partner institution, to provide additional documents or explanations.

In the case of incomplete or improper registration, the Applicant is called on, through the NAWA ICT system, to complete or improve it within 14 days from the date of sending the call, with an instruction that a failure to do so will leave the application in the Programme without consideration.

Checking if registration with the system is proper is the responsibility of the Applicant.

**A failure to register with the system within the prescribed time-limit is treated as a resignation by the Beneficiary from the stay in Poland as part of the Programme.**

### 3.4 Mode of publishing information on the results of the call for proposals

After the formal evaluation and registration with the NAWA system, the Agency proposes the Applicant to the academic host centre, which decides on admission of candidates. Once the Polish host centre provides the information about the acceptance of proposed Applicants, the Director of NAWA issues for accepted persons:

- 1) decision on granting financing – in the case of scholars of the host party;
- 2) information about the completion of the recruitment process – in the case of scholars of the sending party.

The above-mentioned decisions shall be provided to Applicants through the Agency's ICT system.

NAWA will provide foreign partner institutions, in writing, with the information about the results of procedure with regard to candidates nominated by these institutions.

### 3.3. Appeal procedure

Pursuant to Article 25(2) of the Act on NAWA, the Applicant, after receiving the information about leaving the application without consideration, may request the Director to reconsider the case should any formal violations appear in granting financial resources.

The request for reconsideration of the case may include reservations only as to formal issues in the process of granting financial resources.

Submitting the request for reconsideration of the case for other reasons shall result in issuing of a decision stating inadmissibility of submitting the request for reconsideration of the case.

The request for reconsideration of the case should be submitted to the Director within 14 days from the date of receiving the decision, to the following address:

Polish National Agency for Academic Exchange  
ul. Polna 40

As part of the Programme, the Beneficiaries (participants in internships, studies and full-time studies) are not entitled to receive any other financial benefits in addition to those mentioned above. In order to receive the full scholarship for a given month, the Beneficiary should stay at the host centre for at least 15 calendar days in a given month. If the stay is from 5 to 14 days, the half of scholarship is granted. If the stay is from 1 to 4 days in a given month, the scholarship of the Director of NAWA for this month is not granted.

In the case of study visits of 3-7 days, by persons with a doctoral title, the daily rate of PLN 250 is applied.

### 6.3. Suspension of the scholarship

The scholarship may be suspended in cases determined in the scholarship agreement, particularly when NAWA is informed about the interruption of the stay, conflict with the host centre (understood either as a formal, written request of the host centre to NAWA, describing the situation and withdrawing the consent to continue the stay of the Beneficiary at the host centre or as an initiation of the disciplinary procedure against the Beneficiary), retake of the year by the student and blatant irregularities during the stay. Once the Beneficiary has been asked for clarifications and provided satisfactory information, financing of the project may be resumed.

#### 6.4. Termination of the scholarship agreement

The termination of the scholarship agreement may be effected in justified cases, by the mutual agreement of the parties, or in the cases referred to in the scholarship agreement (in particular, the blatant non-compliance with the provisions of the scholarship agreement), or where the Beneficiary is removed from the list of students, has been punished by disciplinary action or convicted by a valid judgment for an offence committed intentionally or for intentional tax crime.

#### 6.5. Amending the scholarship agreement

Amending the scholarship agreement may take place in justified cases by the mutual agreement of the parties. NAWA reserves the right to unilateral notification of amendments to the agreement (annex) which will not have any significant influence on increasing the Beneficiary's obligations (e.g. organising amendments, rectification amendments etc) and the Beneficiary gives his/her consent to this.

### 7. SUBMISSION AND VERIFICATION OF REPORTS

The participant is obliged to submit to NAWA a report on the stay within 30 days from the end of the stay.

In the case of students of full-time studies, continuing their studies in the subsequent academic year, they are obliged, by 30 September of each year, to submit an interim report including the

average grade for the past academic year (first- and second-cycle programme) or the supervisor's opinion on the progress of work on the doctoral thesis (third-cycle programme).

A failure to submit an interim report may be a basis for suspending the scholarship.

A failure to submit a final report may be a basis for non-admission of the Beneficiary to another call for proposals under the Programmes announced by NAWA and for requesting to return the funds he/she received.

For the Beneficiaries receiving the scholarship of the Director of NAWA, models of the interim and final reports are a part of the scholarship agreement. The model of the report for the Beneficiaries staying in Poland on conditions of the scholarship of the sending party is Annex No 2 to the Regulations

## 8. EVALUATION

The Beneficiaries are required to participate in the Programme evaluation carried out by NAWA. It is assumed that the Beneficiary may be invited to participate in the evaluation once during his/her stay and once within 2 years from the end of the stay.

NAWA guarantees the full confidentiality of the opinions and information provided by the Beneficiary within the framework of the evaluation of the Programme and that the data obtained from the Beneficiary within the framework of the evaluation will have no influence on the conditions of paying the scholarship to the Beneficiary.

## 9. MODIFICATIONS TO THE REGULATIONS

NAWA reserves the right to make modifications to these Regulations in the course of a call for proposal, with the exclusion of modifications resulting in unequal treatment of Applicants, unless a necessity to introduce such modification results from the provisions of the generally applicable law. Modifications introduced shall apply from the time of their publication, which shall take place in the same manner as the publication of the call for proposals. Applications submitted before the

amendments to the Regulations became public, shall be resubmitted by the Applicant, if their provisions are not compliant with amendments introduced. NAWA shall inform about amendments made all Applicants who submitted their applications before amendments to the Regulations have been published, by sending them appropriate information. At the same time NAWA reserves the right to introduce changes to the Regulations, which are of organising and clarifying nature, as well as in order to rectify obvious mistakes in the Regulations, without separately informing about modifications introduced, subject to publication of the content of the Regulations including modifications made, which at the same time is the moment, from which they shall be in force.

NAWA reserves the right to cancel the call for proposals, in particular in the case of substantial change in legislation affecting the conditions of the call for proposals, force majeure events, termination of the international agreement by the foreign partner, withdrawal of the foreign partner from bilateral cooperation or in any other justified cases.

All information necessary for the proper conduct of the call of proposals is placed by NAWA on the website [www.nawa.gov.pl](http://www.nawa.gov.pl). It is recommended that persons interested in applying for funds under the current call for proposals read regularly the information placed on the above website.
